Education

De La Salle University Manila, Philippines
BS Computer Science major in Software Technology. 3.67/4.00 GPA May 2028

Experience

CleanHAUL Taytay, Rizal
Systems Developer July 2026 – Present

- Analyzed CleanHAUL's Excel-based workflow across 503 client records, identifying gaps in record access, ownership, renewal tracking, and reporting that shaped the system requirements.
- Built and deployed a centralized client and contract system with role-based access, automated renewal monitoring, and on-demand reporting.
- Reduced recurring report preparation from 30+ minutes of manual Excel work to ~1 minute through automated filtering and export generation.

Asceoft Manila, Philippines
Lead Analyst | Industry Client Project May 2026 – August 2026

- Analyzed Asceoft's fragmented recruitment process and defined the scope of a centralized ATS spanning applicant management, job approvals, interviews, contracts, and communications.
- Developed a 20-user-story product backlog with acceptance criteria, business rules, and role-based information boundaries, refining requirements through recurring client consultations.
- Contributed to one of 3 of 12 projects recognized for Exceptional Implementation by an industry judging panel.

WTP Coffee Alabang, Muntinlupa
Freelance Shopify Developer March 2026 – May 2026

- Engineered a custom Shopify storefront using Liquid and JavaScript for product discovery, cart, reservation, event, and inquiry flows.
- Automated storefront content through collections, blogs, tags, and metafields, dynamically surfacing products, community stories, and upcoming events.
- Launched a storefront that reached 1,700+ unique visitors, generating online purchases and event inquiries beyond WTP Coffee's immediate market.

Leadership & Activities

Center for Computational Imaging and Visual Innovations (CIVI)
Student Researcher Present

S.P.R.I.N.T.
Associate Vice President, Socio-Civic Committee Sep 2025 – Sep 2026

- Planned and coordinated socio-civic initiatives, developing event proposals and presentation materials to support student engagement.
- Conducted faculty outreach for event sponsorships and donations, coordinating external support for organization initiatives.
